Morgantown People Coming

Tonight a delegation of Morgantown people will come to this city to attend the services being conducted at the Presbyterian church by Rev. R. J. Jarvis, an evangelist of Philadelphia. Rev. Jarvis closed a series of meetings in Morgantown before coming to this city and made such a splendid impression on the city that quite a number of Morgantown people will journey to this city to hear his sermon tonight.

The general impression has been given out by those attending the services that a finer or more impressive evangelist has not been heard before in this city and those who fail to hear Rev. Jarvis will regret it.

The services will continue through this week and next, when they will come to a close.

Following a spirited song service last night Dr. Jarvis preached a most excellent sermon from the theme, "Friend of God," and took his text from the book of James, chapter 2 and verse 14.

A large audience greeted Rev. Jarvis at the service last night.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

EAT LESS MEAT IF YOU FEEL BACKACHE OR HAVE BLADDER TROUBLE.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and can not injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

THE STAGE

The Quaker Girl.
Those who have seen that much talked of musical comedy, "The Quaker Girl," which comes to the Grand December 18, understand why it is such a tremendous success on its present tour of the United States and Canada. It has been endorsed and holds record runs in three continents; two years in London, one year in Paris, one year in Australia and one year in New York. This in itself is reason enough for the unusual interest manifested in the engagement in this city.

The Quaker Girl.
Fairmont is at last to have an opportunity of witnessing "The Quaker Girl," whose praises have preceded it here by over a year, and the management of the Grand announces that this world famous musical entertainment will be presented here December 18. They also state that they will present this piece exactly as it was presented at the Park theater, New York, for one whole year. The management states that all mail orders, accompanied by check, will be given prompt attention.
